Not_available
Early Folding Region
LoF
GoF
AlphaMissense classification
REVEL
popEVE
DeMaSk predicted consequence
AlloSigMA2-PSN classification - pockets and interfaces [md]
Phosphorylation effect in function [md]
Phosphorylation effect in regulation [md]
EFoldMine - part of early folding region
De novo phosphosite stability
Phosphorylation effect in stability [md]
Stability classification, (RaSP, FoldX) [md]
Stability classification (Foldetta from FoldX and RaSP) [md]
